Solutions for Unique Heating and Cooling Needs

Innovation Since 1902

Carrier has been the world's leading indoor comfort innovator since 1902. Today, as the world's largest manufacturer of HVAC systems and equipment, we ship a new product every three seconds. But we deliver more than just the hardware. We provide innovative total comfort solutions backed by world-class factory support. So when your comfort challenges demand duct-free systems, one name should come to mind: Carrier.

Things to Consider Before You Buy

The Carrier Comfort Experience

Carrier delivers a heritage of comfort to your home or office, providing expert solutions to the challenging requirements of a new or converted space. Designed to deliver comfort where typical forced air systems can't and offering a more elegant solution than a window unit, a 13.0 SEER Carrier Comfort™ Series EEZ™ Duct-Free High Wall Split System with Puron® Refrigerant could be the perfect answer for your perfect new space.

- Quiet, unobtrusive air conditioning in spaces which are heated by hydronic or electric heat
- Ample comfort for a high-traffic game room
- Smooth, clean lines that blend into a typical sun room
- Economical choice for a conference room seldom used

A Comfortable Fit

Whether you are creating a home theater for relaxation, designing an exercise room for a vigorous workout, or remodeling an office space to take care of business, a Carrier EEZ Duct-Free High Wall Split System is a comfortable fit. A slim, compact cabinet sits unobtrusively on the wall, discreetly blending into most interior designs. And you won't believe the comfort as conditioned air is quietly and gently directed to every corner of the room. It's a full featured system that couldn't be easier to operate and maintain.

- Take control of your comfort with the sophisticated yet intuitive and easy to use infrared remote
- Maintain your comfort with an easy-to-remove filter that can be cleaned in a utility sink
- Enjoy quiet comfort with sound levels that fall comfortably between a whisper and an average conversation
- Experience peace of mind with the full backing of Carrier's nationwide network of Expert dealers
- Customize your comfort with motorized louvers that can sweep to spread conditioned air or be "locked in" to focus on a specific area
- The outdoor unit contains a small footprint that can easily be installed in tight quarters such as a balcony
- Extend your comfort during hot and sticky summers with our dehumidification mode

Comparative Sound Ratings (Indoor Unit) (decibels)

The Economy of Comfort

To ensure a totally comfortable experience, the Carrier Comfort Series EEZ Duct-Free High Wall Split System automatically responds to changes in room temperature. At the same time, it's an economical choice for heating and cooling comfort with several money-saving features:

- Enjoy comfort only during the times you are using the space and without conditioning the entire home or office
- Leave the system off while you're away and have it turn on for comfort when you return with the automatic timer
- For additional money-saving efficiency, the sleep mode automatically adjusts your set points and fan speed at night
- No duct work required

Quiet, efficient, and backed by the innovative leader in indoor comfort systems, a Carrier EEZ Duct-Free High Wall Split System is a great choice for your unique heating and cooling needs.

Carrier Duct-Free High Wall Split Systems deliver environmentally sound comfort with Puron refrigerant.

Warranty

Comfort Series EEZ Duct-Free High Wall Split Systems are protected by a five-year limited warranty on the compressor and a one-year limited warranty on the entire unit. Extended warranties are also available. Ask your Carrier dealer for details.

Turn to the Experts

Willis Carrier invented air conditioning in 1902. Over 100 years later, we're proud to say Carrier systems are trusted in more homes than any other brand.

Carrier continues to be on the forefront of innovative engineering and unsurpassed standards of excellence. So when choosing a home comfort system, you'll want to turn to the experts. Your Carrier dealer will evaluate your home, such as window placement and size, ductwork, other structural specifics and lifestyle to provide a customized indoor comfort plan designed specifically for you. And when you have an expert helping you make an educated decision, you're going to feel more comfortable.
